

Phonological Awareness Lesson Picture Cards

The following lesson sets use this resource:

- Phonological Awareness Initial Sounds
- Phonological Awareness Final Sounds
- Phonological Awareness Medial Sounds
- Oral Segmenting
- Oral Blending

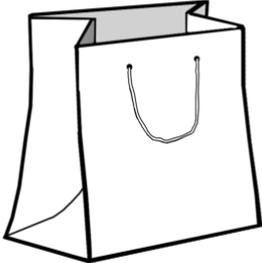

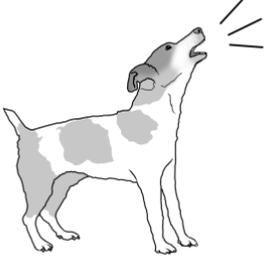

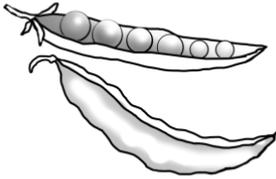

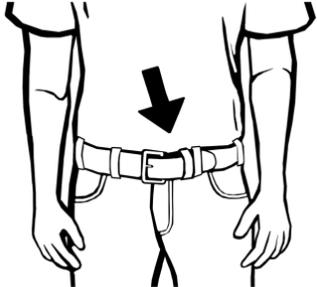

This document contains picture cards for phonological awareness lessons. The phonological awareness cards are separated into three sections, one for initial consonant sounds, a second for final consonant sounds, and a third for medial vowel sounds. These cards can be used for other purposes also. A separate document lists each of the cards in alphabetical order.

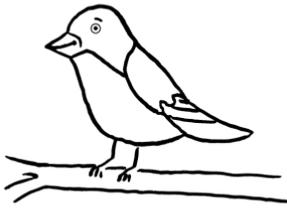

These are designed to be used in combination with the Phonological Awareness Lesson Guides from the Foundational Reading Lesson Set designed for the Inclusion in Texas Network by Marcia Ferreira and Devin Kearns (devin.kearns@gmail.com). These cards can be used and reproduced for lessons of your own design as well.

Pictures for Initial Consonant Lessons

The following pages contain picture cards to use with lessons where the initial consonant sounds in words are introduced.

Pictures for Initial Phoneme /b/ Lessons (26 pictures)
